

We are very happy to welcome you to the 2022 International Conference on Internet of Things and Computer Science (IOTCS), held in Oxford, United Kingdom, between 18-20 February 2022. We hope IOTCS 2022 will be remarkable and an unforgettable event. The Conference looks for significant contributions to all major fields of the Internet of Things and Computer Science in the theoretical and practical aspects.

CALL FOR PAPER

Track 1. Computer Science and Cloud Computing

- Algorithms and Bioinformatics
- Architecture support for cloud computing
- Big data management and analytics
- Blockchain
- Cloud Security
- Computer Architecture and Real time Systems
- Distributed and Cloud Networking
- Hybrid Cloud Integration
- IT Policy and Business Management
- Large Scale Cloud Application
- Machine Learning & Applications
- Natural Language processing (NLP)
- Performance of cloud systems and applications
- Security and Information Assurance
- Social and Mobile Clouds
- Virtualization and Composition

Track 2. Internet of Things and Smart Technology

- 5G and next generation networks
- Artificial Intelligence for IOT
- Business system for IoT
- Cloud Computing (IAAS, PAAS, SAAS) for IOT
- Data mining platforms for IoT
- Education for IoT
- Environment monitoring
- Intelligent transportation
- IoT big data analytics
- Industrial IoT applications
- Lightweight communications
- Next Generation Infrastructure for IOT
- Open Platforms for IOT
- Multimedia Systems and Services
- Radio frequency identification
- Real-time systems for IoT
- Security, Privacy and Trust in IOT
- Semantic service for IoT
- Wireless sensor networks
